

**Statement on the involvement of an ethics committee
for a doctoral project within the *Promotionszentrum PRISMA*
Health**

I hereby submit the following declaration:

For the dissertation topic specified in my application for admission to the doctorate proceedings, an ethics committee vote

- ☐ **is required and has already been obtained / will be applied for**
(vote/approval attached)
- ☐ **is not required** *(see justification or self-assessment in accordance with the Joint Ethics Committee of Bavarian Universities [GEHBa] for doctoral candidates and supervisors below)*
<https://www.gehba.de/antrag-und-dokumente>
- ☐ **is not necessary, as the dissertation project is covered by an existing ethics approval for a higher-level research project** *(approval attached; brief statement from the supervisor in the justification field)*

Justification: *If „not required“ or “not necessary” was checked, please provide a detailed explanation or attach the self-assessment in accordance with the GEHBa.*

Data Protection

Regardless of the ethics committee vote, a data protection review is required for every research project that collects or processes personal data.

- ☐ **a statement from the data protection officer is available** *(as an attachment)*
request this from your respective institution via datenschutz@th-deg.de or datenschutz@th-rosenheim.de
- ☐ **a statement is being requested**
- ☐ **a statement is not required** because no personal data is collected or processed *(statement in the justification field)*

Justification: *If „not required“ was checked, please provide a detailed explanation.*

It is hereby certified that the research activities planned or already conducted as part of the doctoral project have been or will be carried out in accordance with the relevant subject-specific ethical guidelines and the applicable data protection regulations (GDPR, BayDSG).
