

## Language requirements

### ***Required German and English proficiency***

To enrol in your chosen degree programme, you will need to fulfil certain language requirements.

In the event that you have not yet submitted proof that you have the required proficiency in the degree programme language, as specified in the letter of admission – typically at least B2 German for degree programmes in German and at least B2 English for degree programmes in English – you will need to upload this on the Primuss portal by the time of your enrolment and no later than prior to the semester beginning (for the winter semester: by 30.09. / for the summer semester: by 14.03.). When doing so, please check that you satisfy the specific requirements relating to your degree programme.

You do not need to verify your German language skills under the procedure described above if you are enrolled in a degree programme held in English. These language skills can be acquired during your studies.

Further information on the required levels of language proficiency can be found at:

If you are unable to meet the above obligation by the start of the semester, your acceptance to our Institute will have to be withdrawn.

I hereby confirm my acceptance of the language requirements that I must fulfil in order to commence my studies. I have read **and** understood the above-mentioned language proficiency regulations and the consequences that these have with respect to my admission and will submit the missing documents within the prescribed time.
