ESN

ESN is a student association that enables international students to make international and intercultural experiences by organizing excursions, parties and learning groups.

RESP E.V.

RESP e.V. is a student association at the European Campus Rottal-Inn that organizes excursions, the „Buddy Programme“ and other events to strengthen the students' team spirit.

▶ 2. THINGS TO DO BEFORE TRAVELLING TO GERMANY

This is your plan of action:

RESIDENCE PERMIT FOR STUDENTS WHO ARE NOT FROM AN EU MEMBER COUNTRY

Students who are not from an EU member country need to apply for a residence permit ("Aufenthaltsgenehmigung"). To obtain it, you must go to the local Immigration Office ("Ausländeramt"). It is situated in the District Office ("Landratsamt").

You are required to bring along the following documents:

- Passport or ID card
- 3 biometrical photographs
- Enrolment certificate ("Immatrikulationsbescheinigung")
- Proof of health insurance
- Proof of financial support or enough funds
- Copy of birth certificate

Certain nationalities need to open a blocked bank account to be able to apply for a student visa. Please contact the German Embassy in your home country.

The application for your residence permit will be organized during Orientation Week.

RESIDENT REGISTRATION FOR ALL STUDENTS

Germany has compulsory registration for everybody who lives here. If you stay longer than three months, registration should be done within the first two weeks after moving to Germany. **For Exchange students registration will be organized during the Orientation Week.**

To register, you will need the following:

- Your passport and the filled in „Wohnungsgeberbestätigung“ (confirmation from your landlord)

The registration office is located in the town hall (Rathaus).
If you live in another village/city you have to go to this town hall.

HEALTH INSURANCE

Under German law, everyone studying at a state-recognised college or university is required to take out personal health insurance. Therefore, you will need to submit an insurance certificate when you enroll at college or university.

If you do not have private insurance that fulfils the requirements mentioned below, it is recommended that you apply for a German health insurance card.

Please bring with you:

- Enrolment certificate ("Immatrikulationsbescheinigung")
- Passport
- Student ID card
- German bank account number

For EU citizens:

- If you are from an EU-country and are already covered by public health insurance in your home country, you are entitled to use public medical care in Germany. Your health insurance will cover all occurring costs for medical treatment.

If you are not a citizen of the European Union:

- You need to take out German health insurance, which costs around €70 monthly.
- If you have health insurance in your home country, you have to bring a certificate from your agency, which shows that your health insurance will fulfill the requirements stated in §7 Abs.2 of the "Freizügigkeitsverordnung/EG".

If you don't have German health insurance, you will need a confirmation from a public German insurance company that you are exempt from taking out public health insurance.

You need to show this confirmation at the Centre for Studies.

OPENING A BANK ACCOUNT

Official payments are made through bank transfers, e.g. rent to your landlord.

Therefore it is useful to open a bank account which usually takes about 30 minutes.

Please bring the following items:

- Passport or ID-card including visa
- Proof of enrolment (if you do not have it yet, you can submit it later)

It is important to mention that you are a student, because opening an account and bank transactions are free of charge for students. If you do not let the bank know about your student status, there will be a fee.

The bank will automatically give you an info card with your account number, bank code, phone number and contact person. You also obtain a cash card, which you can use in Germany and abroad.

For exchange students the opening of the bank account will be organized during the Orientation Week.

▶ 3. ACCOMMODATION & LIFESTYLE

DEGGENDORF

Deggendorf Institute of Technology is located in a touristic town with a population of 40,000 on the banks of the River Danube. It's a charming location at the foot of the Bavarian mountains, just north of Munich in Southern Germany and close to the Austrian border and the Alps.

Our students enjoy vibrant social lives as Deggendorf has plenty to offer!

The town has a great variety of restaurants, cafes and pubs to offer, plus many cultural festivals and events.

It has an excellent network of bike trails, leisure cruise ships on the river and a surrounding hilly landscape that provides a stunning natural backdrop to enjoy the countless recreational activities on offer.

The campus is within easy walking distance of town centre, student accommodation and all local amenities.

Additionally, Deggendorf has excellent public transport links including Munich international airport only one hour away, making travelling quick, efficient and enjoyable.

A great place to live!

Here are some of the local recreational activities in the vicinity:

- A modern rowing club on the River Danube just 50 yards from campus
- Skiing just 50 yards from campus
- Slopes 20 minutes away
- Mountain biking, hiking and paved inline skating trails are all around
- A fantastic indoor and outdoor recreational swimming oasis
- An indoor ice rink for ice skating and ice hockey
- Rock climbing and paragliding centres near by
- The famous FC Bayern Munich football stadium is just one hour drive away

Plus, all students can participate in the university clubs which offer a vast variety of sports and social activities.

PFARRKIRCHEN

The European Campus Rottal-Inn is nestled among rolling, picturesque hills between the Danube and Inn rivers, close to Austrian and Czech borders and near to the large, cosmopolitan cities of Munich and Salzburg.

Apart from many established businesses, numerous street cafes, bars, secluded courtyards and shady summer gardens tempt visitors and locals alike to linger and enjoy.

To compliment this and maximise students' social lifestyle, the campus and student living accommodation is situated within easy walking distance of the town centre and all local amenities.

Pfarrkirchen has become culturally renowned in the

area due to its exceptional art exhibitions, museum nights and numerous festivals and events throughout the year.

In summer, the old town festival tempts thousands of visitors with its multicultural culinary and musical events.

STUDENT LIFE

Studying is more than reading books and attending lectures – there is a multitude of extracurricular activities for students: music festivals, international days, rowing on the Danube, skiing competitions in winter and many other sports throughout the year.

Students interested in music can always join the university choir or big band. There are also two theater groups and if you would like to shape the university's policy, you can join the student representation. Use your spare time joining student clubs together with your fellow students and meet new people there.

ACCOMMODATION – STUDENT RESIDENCES

The majority of DIT's international students lives in the nine student apartment blocks, which are within easy walking distance of campus and all other amenities in town.

Most of these flats are in so-called "student parks" which are attractive low level apartment blocks consisting of small, modern and newly built, furnished and self-contained flats for single occupation, although other options are available.

Most student parks have a communal lounge, laundry room, wifi, parking spaces and bike lock-up.

PRIVATE – STUDENT RESIDENCES

To find a private accommodation please check these websites:

- <https://pmit-ext.th-deg.de/wb/search>
- www.stwno.de/de/wohnen/zimmerboerse
- www.wg-gesucht.de

Please pay attention to the following points which are important for you:

- Dormitories rent their apartments only in terms of semesters (6 months). **Rental periods:** Winter semester: 1st September– 28th February. Summer semester: 1st March– 31st August.
- Early applications to dormitories are required. Dormitories start making contracts three months before the semester starts.
- You are required to pay a deposit before moving in (up to 3 monthly rents). The deposit will be refunded to you after having left the accommodation in perfect condition.
- The rental contract you sign is binding in all points, no exceptions!
- The rent consists of basic rent and the prepayment for utility costs. Electricity and WIFI are usually excluded from the rent payment and cause extra costs.
- Please be aware of the deadlines to cancel your contract (usually 3 months in advance).

▶ 4. ADVICE / TIPS AND TRICKS

ENERGY AND WASTE

Try to save energy and separate waste.

- **Collect waste separately:**
 - **Brown bin:** Bio waste (raw vegetable matter (peelings) & coffee))
 - **Blue bin:** Paper waste (cartons and derivatives)
 - **Grey bin:** All the rest that are not Bio or Paper waste
 - **Yellow Bag** (only in some cities): Emptied and clean packaging
 - Glass must be disposed of in specific containers for glass!
- **Deposit system:**
When you buy a bottle in any store or a can of any beverage, there is a 7–25 cent deposit on it. You can return the empty bottle/can to any food store and you will get the deposit back.

How to air your room correctly:

Switch off the heaters while airing the room. Air two to three times a day with the window wide open, no permanent airing with the window on tilt (provokes mould).

Utilities ("Nebenkosten"):

Higher costs can occur through wasting energy and water which then have to be put on top of the rent (you get a bill in the beginning of the new calendar year with the additional costs for electricity and water). You would have to pay for it after your move-out (or they keep a part of your deposit instead).

Repairs:

- If something is broken or damaged, report it to the landlord immediately.
- Repairs that do not have to be carried out immediately will be attended to by the facility manager as soon as possible after having received the damage report.
- Emergencies (e.g. flooding) will be attended to by the on-duty service, if the facility manager is off-duty.

PUBLIC SERVICE BROADCASTING – LICENCE FEE FOR CITIZENS

What is public service broadcasting?

- Offers independent information as well as high-quality entertainment
- A diversity of programmes is available on television, on the radio and online
- To make this offer available, every household MUST pay a license fee of 17,50€ per month

What to do when you live alone or you share a flat?

- Single rooms count as one household (as well in a student dormitory)
- In shared flats, only one person is required to pay the license fee. The fee can thus be split between the members

INTERNATIONAL OFFICE

The International Office is the central facility for all international students at the DIT.

It supports you in all matters before and after your arrival as well as during your stay in Deggendorf. It helps you with questions concerning your studies and gives you information regarding accommodation, financing, visas as well as further counselling and other services.

Events organized by the International Office:

- **Orientation Week**

- **Erzählcafé**

a pleasant get-together with multinational students and citizens.

- **International Week**

always in May, including informative presentations, international dancing and games, "Taste the World" where international students prepare and present typical food on campus – trying is recommended!

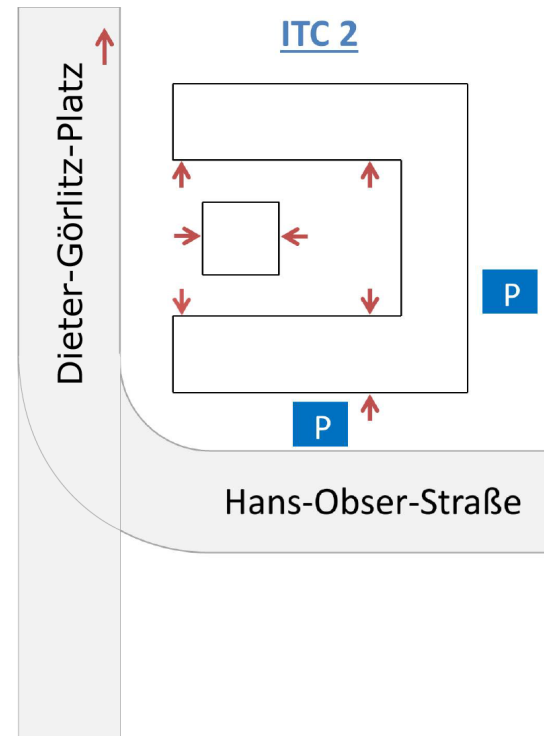

- **Host Family Programme:**

this programme integrates you into the local culture by introducing you to normal Deggendorf residents, who invite you to their home or take you out on recreational activities. To register please contact welcome@th-deg.de

10 FACTS YOU NEED TO KNOW ABOUT LIVING IN GERMANY

- Stop! Think before you dial 112. It isn't appropriate to phone for an ambulance, only having stomach ache. An ambulance can be very expensive. Visiting a doctor is entirely sufficient.
- A driving license is required to drive a car. Maybe you have to apply for an international driving license. Driving without a license is punished with up to one year in prison.
- You should be aware that you have to do your errands from Monday to Saturday. All shops are closed Sundays. Authorities and banks are only open Monday to Friday.
- It's possible to pay with credit card in some shops; however, it's not accepted everywhere, so keeping cash with you is recommended.
- Always check your emails, as otherwise you will miss important information and fail to meet deadlines.
- Health insurance is required for living in Germany and don't forget to pay the fees!
- Nobody jaywalks! No one. Don't try to beat the red light. The little green man on the traffic lights will let you know when it is safe to cross the road.
- Germans take their recycling seriously! Expect to have at least 4 bins in your house and learn how to separate your trash correctly. When it's time for collection, put the bins out on the sidewalk and the refuse collection will pick it up.
- Don't forget to bring your own bag, basket or backpack whenever you shop or else you'll end up paying for each plastic bag you need for your purchases.
- Germans are one of the most punctual people, so they take it very seriously to be ready on time. Take care of that and try to be punctual, too. Otherwise, you will be considered an impolite person.

BAVARIA AND THE BAVARIAN LANGUAGE FOR BEGINNERS

When you hear the name "Bavaria", the first things you might think of are most certainly the Oktoberfest and beer. In medieval times, the country was very poor. Music and dances developed in the small villages. Families sat and sang songs together during the long evenings.

That is why there are often very unique village traditions that have lived on until today, like „Wolfsaustreiben“ in Rinchnach, for example.

In Deggendorf and Pfarrkirchen there are traditional music events. Keep your eyes open! You can get to know what the people are like by listening to their music.

These traditional events are very interesting and a good place to meet people, and not just other students. Often you can even participate yourself by singing or playing instruments. Some of the old melodies will actually give you goose-pimples.

Information about such events can be found at the International Office or ESN. Also, check the Facebook sites "International Office DIT", "ESN Deggendorf", „RESP e.V.“ as well as your emails.

Have a go at learning Bavarian, you'll find it useful as it's widely used in social situations. Good luck!

BAVARIA AND THE BAVARIAN LANGUAGE FOR BEGINNERS

Bavarian	English
A	one
A Maß!	A litre of beer, please! (Do you see? In Bavarian, we don't say "please"; we just order what we want!)
abbussln	to kiss sb all over their face
an siaßn Sempft	special mustard; complements the Lebakassemmi (see below)
Basst scho!	It`s okay!
Brezn	pretzel
Bsuffa	drunk
Busserl	kiss
